

Jaydaa Kamel Elaraby

Medical Tourism Professional & Temos Approved Consultant

Based in Alexandria, Egypt and Istanbul, Turkey

Dedicated to advancing quality and trust in international healthcare and medical tourism, Jaydaa Kamel Elaraby is an accomplished professional and Temos Approved Consultant with extensive expertise in healthcare accreditation, medical tourism quality compliance, and international patient services.

With an MBA in Marketing and Sales, specialized in Medical Tourism, Jaydaa has built a strong background in developing and managing cross-border healthcare projects across Turkey and Europe. Over the past decade, she has supported numerous clinics and hospitals in achieving international accreditation and expanding their global patient outreach.

She has played a key role in establishing successful healthcare and medical tourism brands, with professional experience at Metropolmed Health Group and Murat Makasci Polyclinic, where she contributed to business development, international patient coordination, and quality management initiatives.

Her expertise spans the full range of Temos accreditation standards for hospitals, dental clinics, and centers of excellence in medical tourism. As an independent consultant currently based in Turkey, she provides strategic guidance to healthcare providers seeking international recognition and sustainable growth through quality assurance and accreditation.

Fluent in Arabic, English, French, and Turkish, Jaydaa works effectively across diverse cultural and professional environments, helping healthcare organizations align with global best practices and achieve excellence in patient experience. She continues to empower healthcare institutions to deliver safe, ethical, and patient-centered care that meets the highest international standards.
